ONE HOME FOR EVERYTHING

- ☐ Create the team site (5 min) - schedule, roster, photos, alerts in one place
- ☐ Add the full season schedule - practices, games, picture day
- ☐ Enter the roster with jersey numbers
- ☐ Post the team passcode to parents ONCE - then it's "it's on the team site" all season

COMMUNICATION

- ☐ Send one welcome announcement: where things live, what gets pushed to phones
- ☐ Set game-day alerts (rainouts, score updates) so you never mass-text again
- ☐ Decide your photo policy and tell parents where photos will appear

ON THE FIELD

- ☐ Pick ONE formation / base set for the season and print the diagram
- ☐ Build the playing-time rotation before game 1 - visible beats fair-sounding
- ☐ Print: lineup card, depth chart, practice script for week 1
- ☐ Draft week 1 practice plan (the AI assistant coach can do this from your roster)

GAME DAY 1

- ☐ Post the lineup the night before
- ☐ Assign a scorekeeper (live scoring runs from any phone)
- ☐ Arrive-by time posted, field map link on the schedule entry
